EXPORT PRODUCT PORTFOLIO

04 / VIETNAMESE TEA

Four core tea selections.

Honey-Note Black Tea, Smoky Black Tea, Shan Green Tea — Mộc and Magnolia-Scented Green Tea. A focused range for importers, distributors and market-development partners.

Honey-Note Black Tea

Shan black tea

Smoky Black Tea

Shan black tea

Shan Green Tea — Mộc

Shan green tea

Magnolia-Scented Green Tea

Flower-scented green tea

01 / SHAN BLACK TEA

Honey-Note Black Tea

Honey · Caramel · Mellow

Shan black tea with honey and caramel notes and a mellow palate. Its pronounced aroma lends itself to beverage applications as well as black tea ranges.

PRODUCT FORM

Loose-leaf tea

AROMATIC IDENTITY

Honey · Caramel

TASTE

Mellow

COMMERCIAL POSITIONING

Black tea for importers, distributors and tea brands; an ingredient for beverage businesses seeking a pronounced tea aroma.

Grade, leaf appearance, liquor colour and sensory acceptance criteria are recorded against the approved sample and offered lot.

02 / SHAN BLACK TEA

Smoky Black Tea

Smoke · Black bean · Wood

Smoke, black-bean and woody notes over a full-flavoured Shan black tea base. A distinctive aromatic selection for smoky black tea ranges and character-led tea portfolios.

PRODUCT FORM

Loose-leaf tea

AROMATIC IDENTITY

Smoke · Black bean · Wood

TASTE

Full-flavoured

COMMERCIAL POSITIONING

Smoky black tea for importers, distributors and specialist tea brands. Grade and aroma intensity are selected against the offered sample.

Grade, leaf appearance, liquor colour and sensory acceptance criteria are recorded against the approved sample and offered lot.

03 / SHAN GREEN TEA

Shan Green Tea — Mộc

Shan green tea · Refreshing · Smooth

A refreshing Shan green tea with a smooth palate and no harsh astringency. Mộc is Hoàng Long’s core green tea, supplied loose-leaf for import and distribution.

PRODUCT FORM

Loose-leaf tea

TASTE

Refreshing · Smooth, without harsh astringency

COMMERCIAL POSITIONING

Green tea for distribution, wholesale and tea brands. Grade, leaf form and sensory acceptance criteria are selected by sample.

Grade, leaf appearance, liquor colour and sensory acceptance criteria are recorded against the approved sample and offered lot.

04 / FLOWER-SCENTED GREEN TEA

Magnolia-Scented Green Tea

Green tea · Dried magnolia flowers

Green tea scented with dried magnolia flowers, combining a green tea base with magnolia floral aroma. The floral selection in Hoàng Long’s core export range.

PRODUCT FORM

Loose-leaf tea

AROMATIC IDENTITY

Magnolia floral aroma

COMMERCIAL POSITIONING

Flower-scented tea for importers, distributors and tea brands. Ingredients, tea base and aroma intensity are confirmed in the offered-sample documentation.

Grade, leaf appearance, liquor colour and sensory acceptance criteria are recorded against the approved sample and offered lot.

05 / BULK SPECIFICATION & EXPORT RECORDS

Product specifications & lot documentation

The offered sample provides the basis for grade selection. Specifications, testing requirements and delivery conditions are established for the selected product, shipment lot and destination market.

IDENTITY & SENSORY PROFILE	Product name, sample reference, material origin and grade; leaf appearance, aroma, liquor colour and taste assessed against the approved sample.
TECHNICAL PARAMETERS	Moisture and safety parameters required by the destination market; limits, test methods, laboratory and sampling schedule are agreed in the transaction file.
PACKING & LOT LABELS	Sack type, net weight, lot code, label information, storage conditions and shelf life confirmed for the selected product and order.
COMMERCIAL DOCUMENTS	Quotation, contract or PO, invoice and packing list; origin, test reports and other documentation according to the transaction and importing requirements.

BULK / EXPORT PACKING

PP/PE sacks · 20 / 30 / 35 kg

Sack weight may be adjusted to leaf form or intended use. Material, net weight and labels are confirmed in the order-specific quotation.

OFFER BASIS

EXW · Tân Lập, Hà Giang

Collection at Hoàng Long Tea Factory. Loading, freight, insurance and export/import formalities are allocated separately in the quotation or contract.

DECLARED PRODUCTION CAPACITY

50–100 tonnes/month

Product volumes and goods-readiness dates are coordinated against the production plan and confirmed in the order-specific offer.

TRANSACTION PLANNING WINDOW

2–8 weeks

Includes transport time and excludes unforeseen delays. Goods-readiness dates and logistics are confirmed for the order volume and destination.
